**Hotel Villa Adriana S.r.l.**, aware of the effects of its production activities, believes in and consciously adheres to the principles for sustainable development and wants to contribute to ensuring the improvement of the environmental quality of the reference territory in which it operates.

In the belief that the environmental compatibility of the activities carried out within the Cinque Terre area is a fundamental element, both for the improvement of the well-being of the customer and the coexistence of the activities with the proximity to areas of naturalistic interest, is committed to:

- Comply with environmental legislation, all regulations and other subscribed requirements applicable to its activities and to the additional provisions that apply to its environmental aspects, including the General Regulation of the Cinque Terre;
- Optimize the collection and management of waste, committing resources to improve the dedicated structures and encouraging separate waste collection through a clear awareness-raising effort of the customer, suppliers operating within the Organization and all operating personnel;
- Prevent and reduce pollution related to the activities carried out within the site through awareness-raising and monitoring of the work of both its own employees and those of external companies and contractors;
- Encourage the rational use of water and energy resources through clear awareness-raising of all staff and its customers;
- Ensure an effective monitoring system of the most significant environmental aspects, direct and indirect, related to the services provided to the customer;
- Pursue continuous improvement of its environmental performance through the definition of measurable and comparable objectives and targets and environmental indicators;
- Inform and raise awareness among customers and suppliers so that they act in full respect of the environment and in accordance with the organization's environmental policy;
- Implement structural and management measures to prevent environmental incidents and ensure an adequate response should they occur;
- Maximize the use of biodegradable or ecological or easily recyclable materials
- Reduce food waste
- Maximize local products by preferentially using local and Ligurian suppliers.

**Hotel Villa Adriana S.r.l.** is committed to respecting and implementing these principles, ensuring and periodically verifying the environmental objectives and targets and ensuring that the Environmental Policy is documented, periodically updated, kept active and disseminated to all internal staff, its suppliers and that it is made available to the public and in general to all interested parties.
